ROADHAWK HD

FULL HIGH DEFINITION 1080p IN-VEHICLE
BLACK BOX CAMERA SYSTEM

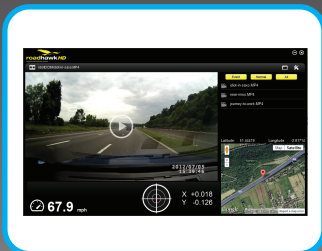

PROVIDES HIGH DEFINITION VIDEO EVIDENCE
AND SUPPORTING DATA IN THE EVENT OF A ROAD
TRAFFIC ACCIDENT.

- **High Performance Video Lens & Sensor:** Produces unrivalled Full 1080p high definition video with increased low light capabilities.
- **EIS Image Stabilisation:** Gyroscope controlled EIS produces exceptionally sharp and smooth video image quality.
- **5X Faster GPS:** 5hz GPS Receiver updates 5 times per second to produce more accurate GPS. Supplied with both internal and external GPS antennas.
- **Wide Dynamic Range:** WDR Sensor offers the highest quality video in all lighting conditions. Produces excellent low light video performance.
- **MAC & PC Compatible:** RoadHawk viewing software supports MAC and PC operating software. RoadHawk software shows Video, GPS, Google Maps, speed and G-Force sensors.
- **SDXC Compatible:** Supports the latest high capacity SDXC memory cards for longer record times.
- **Mounts Included:** Fixed adhesive mounts included. Camera is fitted with a standard 1/4" for universal mounting options. Suction mounts available.
- **Constant Loop Recording:** Records on a constant loop, locking 1 minute 'event' files triggered by the G-Force sensors.
- **2 Year Warranty:** No quibble 2 year warranty with UK based customer support.
